## Work Experience

---

### Frontend Web Developer

January 2021 - Present

Sparksoft Solutions Inc.

- I am working for the company as a Frontend Developer but I am also doing fullstack in our projects. Technologies that we're using are React JS, Node JS, HTML, CSS, Bootstrap, AWS-Amplify, GraphQL and others.

### Admin Assistant II

June 2020 - December 2020

Department of Health, CHD Bicol

- As an Admin Assistant/ Data Encoder my task is to gathered the data of Public Hospitals here in Bicol, these data includes covid related such as number of hired health workers or medical frontliners that are responding in covid-19. My other task is to process the payroll of hired hrh in response to covid of public hospitals here in Bicol every cut off.

### Jr Web Developer

May 2019 - April 2020

Boomsourcing, Legazpi Albay

- We started our training for 6 months with some real time commercial projects programming languages and frameworks like HTML, CSS5, Javascript, JQuery, React JS, Node JS, Git, Docker and others, after that I was promoted to Mentor the upcoming second batch to take a training. Being a mentor we/I was assigned to assist, help and grade my mentees with the course that we already learned.
